

PRESS RELEASE

JULY 14, 2009

FOR IMMEDIATE RELEASE

QUAKER BRAND NAME CONSOLIDATION

QUAKERDRAW 6130, QUAKERDRAW 61A US and QUAKERDRAW 61 MAL HCL 1 will be branded as FERROCOTE 6130, FERROCOTE 61A US and FERROCOTE 61 MAL HCL 1 starting August 1, 2009. Only the brand name has been consolidated. The raw materials and manufacturing of these products has not changed. These products are currently used by most end-users as QUAKERDRAW, DRAW or FERROCOTE. According to Quaker, to eliminate the confusion surrounding formulation consistency they are eliminating the QUAKERDRAW registered trademark associated with these products, as well as DRAW, FERROCOAT, QUAKER and any suffix to the brand name that may be customer specific.

Founded in 1918, Quaker Chemical Corporation is a worldwide developer, producer, and marketer of custom-formulated chemical specialty products.

If you have any questions regarding these changes or require an updated Material Safety Data Sheet (MSDS), or Application Data sheet for any of the affected products, please call Mr. Paul Hampton at 586-754-8220 or email at phampton@industrialfluidsystems.com.
