

## Product Data Sheet

### RV QUENCH OIL 110

RV Quench Oil 110 is a high quality marquench oil made for use at elevated temperatures while still giving moderately fast quench rates. A minimum amount of vapor is given off at high temperatures and the high flash makes this product attractive for use between 300 and 350 °F.

A unique additive package allows the parts to be easily cleaned using alkaline or solvent cleaners. This quality is becoming increasingly important since solvents are being replaced with less aggressive water based cleaners in the quenching industry.

#### Typical Properties:

Viscosity, cSt @ 40 °C:	115
Viscosity, cSt @ 100 °C:	12.4
Viscosity Index:	98
GM Quenchometer, Seconds:	15.0
API Gravity @ 60°F:	26.3
Specific Gravity @ 60°F:	0.8967
Pounds per Gallon @ 60°F:	7.467
Flash Point, COC, °F:	475
